Common Questions Asked About Holistic Health Distance Learning Courses:

What is Certification?

Most schools will offer an exam that tests the student's knowledge of the material taught in the respective course. Upon successful completion of this exam, a Certificate or Diploma will be issued by the school attesting that the student has successfully met the requirements as specified by that school. The only governmental recognition of Aromatherapy in North America is the occupational title designation granted to the BCAA under the Societies Act of British Columbia.

What is a Certified Aromatherapist or Reflexologist?

Most prospective students want to know whether taking our courses will lead to their becoming 'Certified' in that healing modality, thereby leading to the title of Certified Aromatherapist, Certified Reflexologist or Certified Color/Crystal Therapist. The answer to this really depends on what you mean by 'Certified.' We believe it can be misleading to purport that completing a course in a healing modality such as reflexology, aromatherapy or color/crystal therapy will lead to a designation of 'Certified' Therapist. These are not official

title designations nor are they ones which are recognized by any country's governmental body. All that these titles mean is that this is what an Individual Instructor, School or Institution decided to put on the Diploma it awards those who successfully complete their course.

What is an accredited course in Aromatherapy or Reflexology?

The answer to this will depend on who you are asking. At the present time, British Columbia is the only government to recognize Aromatherapy as a distinct profession and has granted Occupational Title Protection to the members of the BCAA (British Columbia Alliance of Aromatherapy) with the exclusive right for its members to call themselves Registered Aromatherapists (R.A.).

At this time, neither Reflexology nor Color/Crystal Therapy have such occupational designations in any country although one prominent Reflexology school in Colorado, The Modern Institute of Reflexology, has gained occupational designation for their institution in that state. MIR has been designated by the Colorado State Division of Private Occupational Schools - Dept. of Higher Education as an approved school. Our Reflexologist who developed the reflexology modules for our courses was trained at MIR as a Certified Reflexologist, a Master Reflexologist and a Dr. of Reflexology.

In the United States, the NAHA (National Association for Holistic Aromatherapy) has put into place their Approved Standards for Aromatherapy Training. The Alternative Healing Academy's Advanced Aromatherapy course meets and exceeds these standards and we are in the application process of becoming an approved program through the NAHA.

In Canada, there are a number of different Associations including the BCAPA (British Columbia Association of Practicing Aromatherapists) and the CFA (Canadian Federation of Aromatherapists). Time will tell if one authoritative body or association becomes the standard by which to judge and govern the educational offerings of these alternative healing modalities.

It has to be noted that NO form of aromatherapy "certification" is currently recognized in the USA by anyone other than those in the trade, nor is aromatherapy (or essential oils in the aromatherapy trade) regulated by any governmental body.

Course Testimonials

"I'm done! Going through the final and the case studies and having such amazing experiences and opportunities to help people, I truly feel blessed and honored to have had the intense education that came with this course. I discovered in me a new ability to serve others, not only through education but through the power of healing that comes with the use of essential oils. I am continuing to train personally with Alexandria Brighton and have begun work toward opening an aromatherapy practice. Thank you so much for your patience and knowledge. Most of all thank you for this new way of living and enjoying Life."

-A. Lindquist - Advanced Aromatherapy Practitioner

"I am finding the course great. It is written very well so even people like me can understand the human body a whole lot better. I just hope that I can remember it all. I don't think I have a chance of remembering the names of everything in the muscular system or the movement system. But, I do have more of an understanding of how everything works now. I find it just amazing. Thanks Heaps."

-M. Oliver - Basic Anatomy & Physiology

"This information is great that you are teaching. I would really like to talk my oldest daughter into taking your course. It really goes into detail which is very informative."

-Debbie F. - Basic Reflexology

"Seven years ago I started to see a reflexologist for migraines and sinus problems. I was amazed that I finally found relief without medication. I decided this year to search out a course in reflexology so I could help family and friends and show them the benefits of reflexology. I researched various courses on the internet and decided to go with the basic course through the Alternative Healing Academy. I was impressed with course material and the ease of receiving the course material."

"I was given an choice of having a CD sent to me or to receiving and sending back the assignments through email. I choose email. I received 3 lessons at a time that I could read and study on my own time frame and return the lessons when I was done. Everything was sent in a very timely manner and communication was open and quick. If I needed help, I knew it was only a click away and the response time was very quick. The techniques used also came in a video mode in the email that I could replay as much as I needed to."

"I felt I learned a lot and am able to help myself and others. Being able to log 20 hours of treatment time and writing the case histories for the final exam was extremely rewarding and helpful. I would recommend this course to others interested in reflexology because the course material was very informative and complete and written in easy to understand language."

-Jean Russell - Basic Reflexology Course

"I'm so excited about (the Advanced Aromatherapy course) and I'm particularly excited about the possibility of making custom blends for people! I hadn't anticipated having that opportunity when I took the course so I'm excited to have everything done! I'm very excited to have finished. I really enjoyed this course and really appreciate all the work you've put into it! This has been a fabulous jumping off point for me and I'm so glad I took it."

"p.s. I know the boys are much slower at the Reflexology, but my son is loving the classes."
