### 115 Rover's Reward

1 package active dry yeast  
1 teaspoon sugar  
2 cups all-purpose flour  
2 cups whole-wheat flour  
2 cups cornmeal  
2 cups oatmeal -- uncooked  
1 cup fresh mint leaves -- chopped, loose packed  
1 cup parsley sprigs -- chopped, loose packed  
1/2 cup toasted wheat germ  
1 can beef broth -- (13 3/4 to 14 1/2 ounces) 3/4 cup milk

1. Preheat oven to 350 degrees F. In small bowl, combine yeast, sugar, and 1/4 cup warm water (105 degrees to 115 degrees F.). Let stand until yeast foams, about 5 minutes.

2. In very large bowl, combine all-purpose flour, whole-wheat flour, cornmeal, oats, mint, parsley, and wheat germ. With wooden spoon, stir in yeast mixture, broth, and milk until combined. With hands, knead dough in bowl until blended, about 1 minute.

3. Divide dough in half. Cover 1 piece with plastic wrap to prevent drying out. Place remaining piece of dough on lightly floured surface. With floured rolling pin, roll dough to 1/4-inch thickness. With large (about 5 inches) or small (about 2 inches) cookie cutter, such as bone\* or mailman, cut out as many biscuits as possible, reserving trimmings. With spatula, transfer biscuits to large ungreased cookie sheet. Reroll trimmings and cut more biscuits. Repeat with remaining dough.

4. Bake small biscuits 30 minutes, bake large biscuits 40 minutes. Turn oven off; leave biscuits in oven 1 hour to dry out.

5. Remove biscuits from cookie sheet to wire rack. When cool, store at room temperature in tightly covered container up to 3 months.

Yields: about 4 dozen large biscuits or 24 dozen small biscuits Work

## Salmon Treats

1 can salmon, canned, pink  
1/2 cup chopped parsley  
3 eggs -- shells included  
1/2 cup sesame seeds -- ground in coffee grinder  
1/2 cup flax seeds -- ground in coffee grinder  
2 cups potato flour -- (2 to 3)

Put these ingredients into a food processor, mix VERY WELL. Pour potato flour through the opening while the motor is running. I can't tell you exactly how much, but I would guess about 2-3 cups. When the dough forms, like a pie crust, and rolls into a ball it is ready to take out. Dump this mess onto potato floured counter or board. Knead more flour into this and when it is a rolled out cookie consistency, it is ready to roll out into about 1/4 inch thick. I use a pizza cutter to roll out long strips and then cut crosswise to make small squares. If you want FANCY you may use a cookie cutter. Bake on cookie sheets, sprayed Pam or line the sheet with parchment paper. I put in as many as will fit. Usually two whole cookie sheets suffices. I bake this in a 375° oven for 20 min. Turn and rotate the cookie sheets and bake about 10 more minutes. You can make them as soft or as hard as you want.

# Caring for Your Pet Naturally

More and more dog and cat owners are turning to natural pet care to treat various health conditions as well as promote general well-being in their dogs and cats.

New research shows that high quality natural remedies can be safer and oftentimes more effective solution to many common pet ailments. They can not only prevent and treat dog health problems, but also boost immunity and contribute to a long, healthy life for your pet.

As with many of the prescription medications we take, chemical-based drugs for pets can cause very serious side effects as well as weaken immunity which could lead to more health problems down the road. One prime example of this is the recent recall of one of the most popular heartworm medications, ProHeart 6, by the FDA due to over 5000 reports of uncontrolled bleeding, liver problems, seizures and even deaths in dogs who were taking the medication.

If you would like to learn more about safe, effective [natural pet care supplements](#) for treating a wide variety of health conditions and improve your pet's health just follow the link, or find more information below.

## **How are natural pet supplements different than conventional pet medications?**

The major difference is that most of them do not cause the serious adverse reactions of prescription medications. Side effects from pharmaceutical drugs are a leading cause of illness and death in humans...it only follows that this is the case with medications for pets.

Natural pet care can offer a safe treatment option, but can also get to the root of the problem and prevent reoccurrence, unlike conventional meds that only treat the symptoms of the disorder and nothing else.

Many pets are allergic to popular medications for heartworm, distemper, kennel cough and others. Still other dogs and cats do not respond well to these convention treatments.

All natural pet remedies and natural pet cures can be quite effective in treating many dog and cat health conditions with vitamins, minerals, herbal extracts and other nutrients that offer health benefits.
